

Press Release

ASKA Pharmaceutical licensee Hyundai Receives Manufacturing and Marketing Approval in Republic of Korea for Oral Contraceptive Drospirenone

TOKYO, August 16, 2024 - ASKA Pharmaceutical Co., Ltd. (Head Office: Minato-ku, Tokyo/ President, Representative Director: Sohta Yamaguchi, hereinafter referred to as “ASKA”), a subsidiary of ASKA Pharmaceutical Holdings Co., Ltd. (TSE:4886), announced that its licensee, Hyundai Pharm. Co., Ltd. (Head Office: Seoul, Republic of Korea, hereinafter referred to as “Hyundai Pharm”), received manufacturing and marketing approval in Republic of Korea for the oral contraceptive drug, drospirenone (hereinafter referred to as “Product”) as a sole Active Pharmaceutical Ingredient.

ASKA acquired exclusive rights to develop and market the Product for the territories of Japan and Republic of Korea from Insud Pharma (Head Office: Madrid, Spain) in January 2020. In June 2022, ASKA and Hyundai Pharm concluded an agreement to grant exclusive rights to develop and market the Product in Republic of Korea. In the United States and Europe, marketing approval of the Product was granted in 2019 under the brand name “SLYND®” and “SLINDA®” respectively and Insud Pharma has commercialized the product in these countries through Exeltis, its branded pharmaceutical unit focused on Women’s Health. In Japan, ASKA filed an application for manufacturing and marketing approval on June 24, 2024.

ASKA looks forward to providing a new option for Korean women, who wish to access innovative contraceptive drugs, through the licensing of this Product to Hyundai Pharm. As a specialty pharmaceutical company in the field of obstetrics and gynecology, ASKA will continue with its mission to make further contributions to women’s health, at every stage of their lives.

About Hyundai Pharm

Hyundai Pharm (<http://www.hyundaipharm.co.kr/english/index.jsp>) is a pharmaceutical company with its Head Office in Seoul, Republic of Korea. Hyundai Pharm is currently expanding its women’s health portfolio as a leading company in the area. Hyundai believes the Product will contribute to unmet medical needs for women.

About Insud Pharma

Insud Pharma (<https://www.insudpharma.com/en/>) is a leading Spanish company with a track record in the pharmaceutical and healthcare industry spanning over 45 years. With 9,000 employees worldwide, Insud Pharma’s contribution to global public health is enormous, thanks to

the medicines and APIs developed and manufactured at its three highly synergic business units: industrial (Chemo), brand (Exeltis) and biotechnology (mAbxience).

About Exeltis
